

### **Sports Premium Expenditure Report**

Schools receive PE and sports premium money based on the number of children from Years 1 - 6. Schools receive £16,000 with 17 or more eligible pupils and then a payment of £10 for each additional pupil.

The DfE have confirmed Primary P.E and Sports Premium will continue at the doubled rate of £320 million for the 2019-2020 academic year.

Funding for Knowles in 2019/2020 is £19,950.

Schools should use Sports Premium money to:

- Develop or add to the PE, physical activity and sport activities that the school already offers.
- Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining in the future years.

Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport they offer. There are 5 key indicators that schools are expected to see improvement across and they are as follows:

- the engagement of all pupils in regular physical activity - the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school
- the profile of PE and sport is raised across the school as a tool for whole-school improvement
- increased confidence, knowledge and skills of all staff in teaching PE and sport
- broader experience of a range of sports and activities offered to all pupils
- increased participation in competitive sport

**The key ways that Sports Premium money is spent is summarised below:**

#### **Support 2019 - 2020**

<b>Engagement of children in regular physical activity</b>	
<b>Lunch times allow for children to participate in a total of 30 minutes daily physical vigorous activity through structured playtimes.</b>	£1000 replenishment of playtimes and lunchtime resources.
